## PROSPECTS

In 1906, with all the hoodoo of the Santa Cruz convention against him, James N. Gillett was elected governor of California by 6242 majority. That was in the mid-year between the Roosevelt majority of 115,932, and the Taft majority of 88,906. Evidently, Gillett lost about as many Republican votes as were lovable. In 1902, George C. Pardee, with a split in the party and with the hoodoo of having been nominated by a combination with the Sage-Herrin delegates, was elected by a majority of 2,549 over Franklin K. Lane, about the most popular Democrat in California. In 1898, Henry T. Gage, then almost unknown north of Tehachapi, and with the hoodoo on him, was elected by 19,093 over James G. Maguire, a very strong Democratic candidate. McKinley had carried the state two years before by only 1922, and carried it two years later by 29,770, so the Gage majority was about the normal Republican majority. In 1894, James H. Budd, after a spectacular campaign, and aided by treachery to Estee and the secret support of the machine, managed to carry the state as a Democrat against Morris M. Estee, by a bare 1206. This came midway between a majority of 124 for Cleveland in 1892 and a majority of 1922 for McKinley in 1898, so Budd could not have run more than a few hundred above the normal Democratic strength, even under these abnormal conditions. In 1890, Markham was elected over Pond by a majority of 7,945. This is almost exactly the same as the majority of 7,118 received by Harrison for President two years before.

These are all the governors California has had in twenty years. Only one of them was a Democrat, and he was elected under conditions remarkably advantageous to him, at a time when the state on general issues was practically Democratic. All the others were Republicans, and the only one among them who was elected by only moderate majorities after the state had become strongly Republican were those from whom the independent vote had been driven away by the circumstances of their nominations.

The conclusion is that California could not, except under circumstances of very extraordinary defection, elect a Democratic governor. And this year, far from facing such a defection, the Republican party of California presents the strongest and most popular candidate the state has ever known, with the hoodoo absolutely off. All the independent Republicans who ever broke over the ticket on principle are this year enthusiastic for Johnson. The only Republicans at all disgruntled belong to the class which has never been in the habit of voting independently, and is not likely to learn it now. The natural Republican majority in the state has enormously increased, until it is now sixty or seventy thousand. The only candidates at the head of a ticket who have appealed to the Progressive vote—Roosevelt and Taft—have both carried it by majorities far greater than that. By actual test, vigorous progressiveness is an asset in California, which will raise the vote of the Progressive candidate far above even the normal Republican strength. Applying the test of precedent to Johnson, as a Republican, he should be elected by at least the full party majority. Applying the test of precedent to him as a Progressive Republican, he should be elected by much more than the party majority. And examining all the available facts and evidence of the present situation, that is just the prospect. Johnson should have a normal Republican majority of fully 70,000. He should have a normal Progressive Republican majority of probably 100,000. And if, instead, there should be some unexpected Democratic wave, much bigger than the biggest such wave ever known, he would still have a majority of over 20,000.

So, as between prospects, it is all a question of numbers. The result is a foregone conclusion on any hypothesis.

## GOING TO THE PEOPLE

Even the railroads are learning, what some politicians have not found out yet, that the political power of the present resides in the people and all appeal must be made to them. President Ripley, of the Santa Fe, addressed a public mass meeting in Topeka last night in regard to railroad rates, and announced that the Santa Fe had been forced into a publicity campaign, to give the public its side of the controversy.

So much the better! The railroad's side has a right to be heard, and if the hearing in public, addressed to the public, nothing but good can come of it. The true and the false separate themselves almost automatically in the light of publicity. Whatever of the railroad's statement is inaccurate or misleading can be and presumably will be refuted. Whatever is not refuted is presumably true. The very process of public discussion leads to a definite and usually correct conclusion. The public is not expert, and can not at first hand overleap the sophistries of an unfrank statement. But there are experts who can, and the public challenge supplies these experts with immediate material and audience. The public, even if it imperfectly understands the argument can usually tell who is getting the better of it. The

thing to do is to call forth the argument. The appeal to the public, also, has to be honest. There is no way to put up a private deal with the whole public. There is no way to trade and bluff, with the whole public. In fact, there is no way to deal with the public, except by open argument. That method will secure truth and justice, even before a legislature. But persons who desire something more than truth and justice from a legislature can find ways to get that, too, if the thing can be done without too much publicity. It is when the argument all goes to the people, and the people either decide it themselves, or determine the fate of those who do, that the result is safe.

Mr. Ripley makes a plausible plea of poverty for his road, in Kansas. We do not know how much there is in the plea. But we may at least count on Kansas finding out. Then it is "up to" the people and the legislature of Kansas to do justice, and for the railroads to be satisfied with justice.

## PARKER DEFENDS HIS 1904 ARGUMENTS

Again Affirms That Trusts May Be Curbed by the Common Law.

CHICAGO, Ill., Nov. 27.—Judge Allen B. Parker in his speech here tonight dwelt upon what he styled Colonel Roosevelt's utter disregard of the constitution and law. Having in mind the Colorado up-state tour, he said: "Colonel Roosevelt feels that the government of laws should give way to government by strong men, to be begun on open campaign for what he calls New Nationalism, with Congress and the judicial department as subordinate subjects. The plea of necessity for this revolution he bases in large part upon the failure of the government, so far, to protect the people from the combinations to restrain trade. He says, 'No, they have come to stay and we must have a strong man to regulate them.' May I draw a moment to say that we witness what a strong man may do? The Colonel, as President, gave consent to the Tennessee Coal and Iron company by the United States Steel Corporation.

"Let us test the sincerity of his avowal in his speech of acceptance in 1901 he demanded more statute law to enable him to reach these trusts and get railroad corporations.

"I answered then that there is law enough now. What is needed is its enforcement.

"Senator Parker has taken the pains to prove from the records of the attorney general's office that we did have law enough and further that the Hepburn bill served no useful purpose. He then to give the appearance of support to the President's contention of insufficient law. Again, being informed by the Supreme Court that the Sherman Anti-Trust Act is a criminal statute, he chose not to enforce it, but to bring spectacular civil suits instead.

"To relieve himself from public conviction of the fact that more organizations to prevent competition came into existence during his Presidency than at all other times in the history of the country, he entered upon a drudge against the courts, which he still continues. But will he succeed in substituting a government of the law? The signs of the times indicate no. The patriotism of the people is being aroused and partisanship brushed aside in the presence of danger. Ballots are bullets when the constitution of the United States is attacked at home, while bullets are our ballots if the foe is foreign."

W. JENNINGS BRYAN HIRES HIS OWN HALL

Democrats of Nebraska Fail to Engage Him to Speak.

LINCOLN, Neb., Oct. 27.—Announcement was made tonight that W. J. Bryan had engaged at his own expense a hall in Lincoln at which next Monday he will make his first speech in the Nebraska campaign.

It was stated that Mr. Bryan probably would follow this program in other towns and cities of the state. Mr. Bryan a month ago announced that he would go to the state committee for two weeks, but the committee thus far has not arranged for his appearance, because it is announced he had stated he could not support the Democratic nominee for governor, James C. Dahlman.

## FRUIT AS SOURCE OF CUSTOMS FRAUD

Collector Loeb Is Making Another Investigation at New York.

NEW YORK, Oct. 27.—Another alleged leakage in the customs service, whereby it is estimated that \$1,000,000 ranging into the millions have been diverted from the federal treasury, is being investigated by William Loeb, Jr., collector of the port. The inquiry deals with rebates allowed importers of fruits on shipments reported as damaged or unfit for market.

As the number of inspectors was too small to permit a complete examination of all cargoes, an agreement was reached some time ago between importers and customs officials whereby, in an allowance for decay was claimed an inspection of only 5 percent of the cargo was made and the percentage of decay found in the portion alone applied to the entire cargo.

It is now claimed that the rebates thus allowed were excessive. Investigations on lemons are said to represent the great loss and material estimate of the amount turned from the treasury on this item being \$1,000,000. McKinley tariff law became effective, range from \$1,500,000 to \$1,000,000. The duty paid on lemons since 1898 exceeds \$18,000,000.

THIRTY WITNESSES IN DYNAMITE HEARING

LOS ANGELES, Oct. 27.—Examination of thirty witnesses made a hard day's work for the special grand jury which began today the investigation of the Los Angeles Times explosion. Most of these witnesses were called merely to establish the fact that twenty-one men met death in the disaster, but two of them, William Mulholland, chief engineer of the aqueduct, and W. C. Crabb, foreman of the Times composing room, gave testimony of great value to the grand jury. The grand jury will hold another session tomorrow, but the important evidences of the San Francisco may not be presented until some time next week.

Deputy District Attorney J. C. McComas, who is assisting the grand jury, said today that he did not expect to have the northern witnesses on hand until next week.

McComas further declared that Earl Rogers would not be in the grand jury as a special deputy district attorney to aid in the investigation. At the same time the statement was made that Rogers would assume one of the star witness roles and give the grand jury the evidence which he and his co-defendants gathered in the north, and which he has frequently asserted would without doubt lead to indictments and convictions.

MANNER OF EXPLOSION

The testimony of Mulholland related to the findings of the special investigating committee which reported to the city officials that the wrecking of the Times plant had been caused by nitroglycerine or other high explosive placed in the building and the Times job plant. Crabb, who was on duty the night of the explosion, repeated his published story of how his men were buried about and the floor on which they worked was crushed and crushed by the force of the explosion.

During their morning session, the grand jurors devoted some time to the discussion of the publicity that has been given the case and to the appointment of Charles E. Gilbert, the former, called reporters to account for the publication of statements that five of the grand jurors had received letters threatening their lives with death.

"It is a lie," Weir declared with asperity.

He was told that only one paper had printed anything regarding the alleged threats, but one of the chief detectives engaged in the work had given out such a statement within an hour after the grand jury had been chosen.

"I don't care," he said. "Weir repeated, 'I don't care.' He said that while the members of the grand jury were all brave men, who were not to be intimidated by anonymous threats, they did not want their families alarmed by such statements.

## PRESIDENT PRAISES METHODIST MISSIONS

Taft Receives Group of Bishops at the White House.

WASHINGTON, Oct. 27.—The score of bishops of the Methodist Episcopal church at the semi-annual meeting in this city were received by President Taft at the White House today. Bishop Warren of Denver made a brief address to the President in which he outlined the work that the church has in view.

The President in responding said: "The Methodist missionary church of the United States has shown itself not only in this country, but in countries far removed from civilization, and it has developed the influence of missions in a way that perhaps twenty or thirty years ago did not seem possible."

There was a time when the policy of this government toward the Philippines, toward those dependencies that have come to us from the Spanish war, was completely condemned because it was supposed that we were reaching out with a good of territory and influence, rather than with the desire to advance the cause of civilization and help our fellowmen.

"I think the policies that have been followed and the developments that have resulted through the agencies of your church have proven the error of those who were fearful of the effect."

THIRTY WITNESSES IN DYNAMITE HEARING

SAN FRANCISCO, Oct. 27.—Forecast:  
Sun. Breeze, light. Fair. Cool. 11 to 15.  
Mon. Light north wind.

GENERAL CONDITIONS

During the last 24 hours, there has been an unusually rapid rise in temperature, the pressure over the plateau and Rocky mountains and an immense area of high pressure now covers all sections from the Mississippi valley westward, especially over the Pacific coast. The weather has been very dry throughout this area except that snow has fallen in Montana, Wyoming, the Dakotas and Minnesota. The barometric depression central in the Mississippi valley yesterday morning has developed into a storm of great energy now central over the Gulf of Mexico. The weather in the Gulf and Mississippi valleys and lake region with severe rains on the lower lakes, in the immediate coast of the Pacific, temperatures are generally lower and fog has returned to the coast of California.

Conditions this morning, fair and cooler weather in Fresno and vicinity tonight and tomorrow (Friday).  
W. E. BONNETT, Chief Forecaster.

Observations taken at 5 p.m. yesterday:  
Air temperature.....74  
Highest temperature.....74  
Lowest temperature.....64  
Humidity.....64  
Wind, dir. per barometer.....Calif.  
Rainfall Sept. 1st to date......0.3  
Partly cloudy and cooler weather on Friday.

Ask your grocer for Gold Nugget Butter, the only Buttered creamery butter in the valley.

Use Golden Glow Buttered creamery butter and Dr. Day's Kidney Milk in your home. Cleanest, purest, best.

Mrs. Theodore Astorship has recently purchased a beautiful Adam Smith Art Grand piano. The sale was made by Frank Belles, 911 J St.

The Ladies' Aid society of the First Congregational church will hold an all day session tomorrow, Thursday, in the church parlors. A large attendance is desired as there is special work to do.

Persons to build arrested yesterday by the city engineers were in George Horn for a \$100 dwelling on 14th St. and 10th block 21 and to G. Melander for a \$100 carpenter shop shed, 1845 S. on 10th St. and 2nd block 10.

Tax payments yesterday were all in small sums totaling for the day \$49,723. Contributions as follows: State and county \$18,741. Fresno city \$2,855.22. Selma \$7,777. Coalinga \$10,560. Kingsburg \$15,225 and Fowler \$38.12.

Patrolman Wilkins arrested three men for riding on the sidewalks of the city yesterday in violation of the city ordinance. The following were cited to appear in the police court: J. McMillan, J. W. Carabarra and Joe Calanducci.

M. Madia, a Japanese, who was accused of drawing a bank check with intent to defraud, was discharged yesterday by Judge Briggs. Madia has been at liberty on bonds of \$10,000, for the prosecution failed to appear in court.

Application was made yesterday by the Fresno County Humane society through William Harvey, Jr., for a warrant for the arrest of J. E. Knight for deserting his wife and children and leaving them without food, clothing and shelter. It was returned to the sheriff for service.

Five cars of an extra fruit train from Roseville were derailed in the upper end of the Fresno yards yesterday morning, supposedly through a faulty switch. The engine and fifteen cars of the sixty car train passed over in safety, when the last five cars left the track and were badly smashed up. As the breaking of the air hose set the brakes no further damage was done. No one was hurt.

MAN WANTED HERE IS IN JAIL IN WASHINGTON, ARKANSAS

Sheriff Chittenden Trails Alonzo Wise Across the Western States.

Deputy Akers Leaves Today for Vancouver to Get Two Prisoners.

In the arrest yesterday at Washington, Arkansas, of Alonzo Wise, who is wanted in this city for embezzlement, Sheriff Chittenden established the record of bringing about the capture of two criminals in two days in two different states many miles from Fresno.

Wise was taken into custody by E. D. Volvin, sheriff at Washington, Arkansas, yesterday morning. Chittenden Sheriff Chittenden left for Washington, Arkansas, yesterday morning to arrest Wise. Late in the day the following telegram was received from Arkansas: "Have Alonzo Wise under arrest. Come at once."

The prisoner is accused of embezzling \$5 from J. A. Cox on October 1 of this year. Cox and Wise were working together on a King's ranch. Cox had saved \$25 and Wise had put away \$125. Wise said he was coming to town to put his money in the bank and he advised Cox to do the same. The latter replied that he could not come to Fresno, whereupon Wise said he would take the \$25 and deposit it in Cox's name. Cox gave him the money and that was the last seen of Wise. After waiting several days for the return of Wise, Cox came to town and swore to a felony warrant in Judge Smith's court.

Deputy Sheriff Oliver Akers will leave today for Vancouver, Washington, to bring back Mr. and Mrs. Henry Jones, who are wanted here for embezzling farming implements worth \$100. Sheriff Chittenden secured state warrants for the Kennedys yesterday.

COALINGA IS PREPARING FOR HENRY MEETING ON THE 2ND

Special Trains Arranged for From This City for Occasion.

Shooting Scrape as Result of Joy Ride a Deep Mystery.

COALINGA, Oct. 27.—The local committee of Republicans today have been very busy arranging for a reception for Francis J. Heney, the well known prosecutor of San Francisco graft cases, who is booked to speak to the Coalinga voters on the evening of November 2nd. The word of his coming was received with pleasure by Chairman Turner and together with Zed Phelps, Coalinga's most prominent politician, he started out early this morning on a boosting tour of the city.

Special trains from Fresno and other points will bring the other speakers at the evening. William A. Sutherland, D. C. Cushman and George W. Jones will occupy the platform as speakers in addition to Mr. Heney. Cashin is to tell the audience why they should cast their ballots for W. J. Cogh; the Coalinga candidate for supervisor.

Three shots fired at about 1 o'clock this morning in the vicinity of Fourth and E streets, attracted the marshal and his deputies and they immediately gave chase to a party of automobilists, while the man who did the shooting and his companion disappeared on foot.

The officers picked up a hat and coat lost in the hurried flight by one of the members of the party, and upon these clues they are working, although they doubt whether anything more than a complaint for the discharge of firearms will be the result of their investigations.

From the evidence in the hands of the officers it seems that the shooting was the result of a joy ride in which two young men and two married women participated. The husbands of the women became suspicious and upon finding their wives in the machine with the young men, began firing at them. As far as can be learned, none of the flying bullets took effect and it is improbable that any complaint will be lodged by any of the parties, even if apprehended.

ESPEE OFFICIALS PASS THROUGH HERE

On Way to Yosemite; To Report on Western Conditions on Their Return East.

A party of prominent Southern Pacific officials, including ten directors of the corporation, from the East, passed through Fresno early yesterday morning en route to the Yosemite Valley. Their special cars were in the local yards only a short time, and none of the party got off from the train. The party were accompanied by the West coast report on general conditions here, including the oil shipment traffic. As they are the executive heads of the railroad system, considerable importance is attached to their visit. They have not announced the results of their visit, and nothing official will be given out until their return to the headquarters in the East.

MARK BILLS, VICTIM OF FIRE, IS BURIED

Sorrowing Friends of Stricken Family Attend Simple Funeral Services.

The funeral of Mark Bills, the 2-year-old son of Mr. and Mrs. E. Bills, who was burned to death, was held at 9:30 o'clock yesterday morning from the chapel of Schroeder and Bean. The funeral took place in Mountain View cemetery. The services were simple but impressive.

The funeral parlors were crowded to the doors with sorrowing friends and the little casket was buried in a wealth of pretty flowers. Additional contributions to the fund being raised by neighbors to assist the destitute family were received yesterday at the business offices of the Republican and Tribune. The employees of the Republican have contributed \$12. At the Tribune office, W. W. Eden left an order for \$5 worth of groceries. Mrs. H. R. Snow contributed \$2.50 and Fred Jenner gave \$1. Over the counter at the Republican office, the following has been contributed: B. M. Stone, 50 cents; J. T. Dunn, 50 cents; M. O. Humphrey, \$1; M. Munger, \$1; Roy W. Baker, \$1; C. A. Parise, 50 cents; J. P. McSherry, 50 cents; Herbert Levy, \$1; Chas. Faving, 50 cents; Henry Johnson, \$2.50; Carl Grover, 25 cents; W. J. Kittrell, 50 cents; Chas. Stuckert, 50 cents; Dr. C. C. Phillips, \$2; W. C. Watson, 25 cents; A. D. Chance, \$2.50; O. K. Jones, \$1; Mike Sullivan, \$1; J. H. Madison, 50 cents; Frank Short, \$1; John Fireweather, 50 cents; A. D. McAlpine, \$1.

Today subscription lists will be placed at Hollands' and Gruffs' grocery stores and this should swell the fund. As fast as the money is collected it is deposited in the bank in

**Cottolene**  
Your children can eat Cottolene made cookies and other pastry because it never makes food greasy as does lard, and the stomach can easily assimilate and digest it.  
Lard is an animal product—just plain hog fat.  
Cottolene is a vegetable product—made from pure, refined cotton oil—and every bit as digestible and nourishing as olive oil.  
Cottolene makes food which any stomach can digest, and builds up the tissues of the body.  
Let your children eat all they want of food cooked with Cottolene. It won't harm them!  
Made only by  
THE N. K. FAIRBANK COMPANY

Cookies are good for him if made with Cottolene

# SOCIETY

Section one of the Home Department of the Parlor Lecture Club was yesterday afternoon entertained in a most instructive and delightful way at a "Health Afternoon," with Mrs. T. J. Hammond as chairman.

Mrs. George L. Warlow, as chairman of the Department, gave a cordial little greeting to the members, which was followed by an enjoyable piano number by Miss Bill. An intensely interesting subject was spoken on by Mrs. Marie McMahon, with demonstrations by Miss Brucha, that of the selection and care of the sick room. During her discourse a bed was made, a patient put in and the linen changed, just as it would have been done in a sanitarium. It certainly is a splendid idea to learn all these things, rather than let necessity teach us. Mrs. J. R. Walker spoke in a most comprehensive way on the hygiene of the bath. An interesting thought given was if people would drink as much water at home as they did when sent to some hot springs, probably the cures could be made right at home. Miss Lillian Lyne sang Guy D'Harder's "All For You" very expressively. The last of the interesting topics of the afternoon was brought before the club in a paper compiled by Miss Claire Percy Westphal on "Fresh Air as an Important Factor in Child Life." The open air schools of Chicago and the other large cities of the East designed especially for tubercular children, originally made part of her theme.

The afternoon concluded with a social hour with refreshments supplemented by delicious refreshments.

Mrs. George L. Taylor is enjoying a visit from her brother, Mr. McLeod.

Miss Gladys Ellis has returned from Stover where she has charge of the school during the summer months.

## Consumption

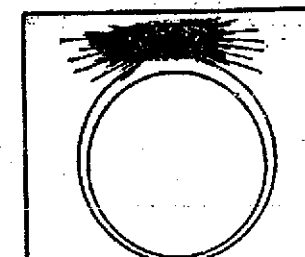

Any one interested in the cure of Consumption should get one of the booklets telling of recoveries by the use of Eckman's Alternative. Coughs, Stomach Colds, and Pneumonia may be the beginning of more serious troubles—Eckman's Alternative is the effective remedy. Read Mr. Kanally's statement:

Saratoga, N. Y.  
Gentlemen: For five or six years I was troubled with cough and expectoration. I also had a high fever. My case was declared Consumption by my physician. I was given Cod Liver Oil, Creosote and other medicines, all without effect.

At Christmas time, 1909, I was not expected to live. Calling another physician, he advised the use of Eckman's Alternative which I took with excellent results and was entirely cured.

During the past year I have gained fifteen pounds. I go out in all weathers and have had no cough or cold whatever. I give these facts to encourage others to use Eckman's Alternative.

(Signed affidavit)  
James W. Kanally.  
Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. For sale by all leading druggists. Ask for booklet of cured cases and write to Eckman Laboratories, Philadelphia, Pa., for additional evidence.

## Dassling Diamonds

Money invested in poor jewelry is money wasted. Money invested in good jewelry is money well invested. Why not buy a diamond? Aside from their beauty and their deserved popularity as ornaments, diamonds are a safe and sensible investment. They are always stable in value. You can get your money out of them at a moment's notice. Buy diamonds and buy them of us. The prices range from \$5 to \$5000.  
MCARTHY'S  
JEWELRY SHOP 1118 J ST.

## No Reason For Doubt A Statement of Facts Backed by a Strong Guarantee.

We guarantee complete relief to all sufferers from constipation. In every case where we fail we will supply the medicine free.

Small Ordinaries are a gentle, effective, dependable and safe bowel regulator, strengthening and tonic. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take and work so surely that they may be taken any time at any time. They thoroughly tone up the whole system to healthy activity.

Small Ordinaries are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. Two sizes, 10c and 25c. Remember, you can obtain Small Ordinaries in this community only at our store, The Rexall Store, The Monroe Drug Co.

## 2d Notice

The old treatment of kidney disease by cathartics has broken down, deaths near 50,000, and books declare it incurable. If you have had kidney trouble over six months call for help! Get that old pamphlet free that may prove or save your life. Patterson's Kidney Pills.

Mrs. W. Parker Lyon will be hostess at two charming affairs this week. On Friday afternoon, that popular organization, the Friday Afternoon Card Club will convene at her charming home on J street, and Saturday the Birthday Club will hold its second meeting for this year.

The Philanthropic Club of St. Paul's Sunday school will entertain on Friday evening at the church parlors. The date chosen for this affair was October 31st, but owing to conflicting entertainments, it was decided to have it on Friday. The guests for the evening will be principally from the Baraca and Inaugural classes, with some outsiders. An interesting program has been arranged.

The Ergatican Circle was entertained yesterday afternoon by Miss Elizabeth R. Walker. The affair was of much interest as a bazaar was decided on to be held on the second week in December. Many dainty little pieces of needle work will be prepared and the "book book" which was published several years ago will be revised and republished in time for this bazaar.

Mrs. H. V. Armitage will be the Circle's next hostess.

Mr. and Mrs. Ed. Downing, Mr. and Mrs. Charles A. Whitmore, Mrs. H. B. McClure and Mrs. Laham, all of Visalia, came up with Mr. Downing in his automobile to attend the performance of Virginia Harned at the Barton.

The Parlor Sewing Club was entertained at the country residence of Mrs. Rollin Myron Pinkerton, south of Reedley, Tuesday afternoon. After an afternoon spent in reading and sewing, light refreshments were served by the hostess. The place cards were little paper wedding rings. The engagement of Miss Rachel Maud Mallory to Charles Franklin Howell was announced. Miss Mallory is secretary of the club and one of its most popular members. She is the only daughter of Mrs. Mary V. Mallory, of Flora Dale orchard, a graduate of Whitman College, Walla Walla, Washington, and has lived in Reedley for eighteen years.

A full attendance of the East Side Country Club at the beautiful Palo Verde vineyard, the home of Mrs. Thomas Lynch, was one of the most notable of yesterday's social functions. Conversation filled the time most agreeably, with an occasional interlude of music furnished by the accomplished hostess and some of her guests. A vocal duet finely given by Mrs. Lynch and Mrs. A. L. Sayre of Madera, was perhaps the principal number, and evoked vigorous applause. Two charming additions to the membership were Mrs. George Osborne and her mother, Mrs. Masson. A delightful feast was enjoyed at the afternoon's feast was enjoyed at the afternoon's feast. Mrs. Robert Barton, Mrs. W. Parker Lyon and Mrs. B. F. Shepherd were the guests from town who enjoyed the always popular Country Club meeting.

Yesterday afternoon at Epworth hall the Junior League gave a most enjoyable Halloween social under the direction of Miss May Templeton. There were all kinds of jolly games, the hall was beautiful in decorations suitable to the season and, of course, there was a feast, and when the ladies of St. Paul's church spread a feast it is a feast as is a feast.

The guests of honor were the mothers of the little people and it is always hard to determine who are the happier, the mothers or the children. On this occasion it was a blended enjoyment, an around good time.

Miss Fannie Stith and Frank Lake were joined in marriage yesterday afternoon at the parsonage of St. Paul's church by Rev. Goveite. They left on a northbound train for San Francisco, where the honeymoon will be spent. Mr. and Mrs. Lake will reside in Fresno.

The Tokalon Club of the Y. W. C. A. gave a charming Halloween party last night at the Association rooms. The club colors, gold and green, mingled with the Halloween emblems, black, white and orange, were everywhere conspicuous. The entertainment consisted in ghost story telling, games and music furnished by Misses Edith Keyes, Myrtle Wolf and Lewella Clark. Lovely refreshments were served, about forty young people being present at this delightful affair.

Fred K. Starker, a brother of John Starker of this city, arrived in Fresno yesterday with his bride, formerly Miss Gertrude Osterhaus of Berkeley. Mr. Starker and Miss Osterhaus were married at Berkeley Tuesday evening. The happy young couple will make their home in Fresno. Mr. Starker has resided in Santa Cruz county for several years.

We and Our Neighbor Circle of the First Presbyterian church will meet at 2:30 o'clock this afternoon at Knox chapel.

Queen Esther Circle of the First Methodist church met yesterday afternoon at the home of Miss Blanche Shuch and planned for Christmas gifts to be made by the circle. After a busy afternoon refreshments were served.

Members of the Y. W. C. A. Association spent a very pleasant time last evening in the Association rooms. Miss Channing entertained with a program of songs, and Mrs. Arthur Anderson played a violin solo, accompanied on the piano by Mrs. Dillanough. Miss Farris, accompanied by Miss Fletcher, sang "Sunbeam" and "Dawn." A social and refreshments concluded the evening.

City Engineer Jensen has learned of a new street pavement, the merits of which he is investigating to learn whether it is that claimed for it is true. If his inquiries confirm the representations made, he will recommend its adoption here and to give it a first trial in the paving of K street between Merced and Stanislaus in the settlement of the controversy among the property owners who favor asphalt concrete or one thickness on the one block and another thickness on the other block, but with the result that on account of the differences protest has been made to stop all work on both blocks.

Engineer Jensen learned of the new pavement through Hugh Crumney of the Oakland general street paving contracting firm of Ransom and Crumney, who was a visitor here with the recent excursion of merchants from San Francisco. The pavement is an oiled macadam, with a 4-inch layer of crushed rock as a base and a 2-inch surface rolled in oiled layer of finer crushed rock, the heavy gravity oil acting as a binder, and as Mr. Jensen believes solving for paving in this section the question of a cheaper binder and the dust problem after the pavement is laid down.

Mr. Crumney had experimented with this pavement in his construction yard where a section was so laid as to bear all the traffic of 100 teams passing three and four times a day over it for eighteen months. As a result of the experiment, he declared he could recommend the pavement for lasting benefits and a reduced original cost in the use of crushed rock. He guaranteed that he could lay it down in Fresno at not to exceed 14 cents per square foot, charging no royalty and giving assurance that it will wear as well as the best bituminous rock pavement.

Engineer Jensen stated, however, that street paving work in Fresno is given out in such small sections that the outside bidder would not come in to do the work at the guaranteed 14 cents limit, save on a contract of at least one-half mile of paving work. The cost here for 4-inch asphalt macadam is 14 cents per square foot and royalty.

George Schmidt, who is accused of assaulting and robbing a youth with a pocketknife, was released from jail yesterday for a second time since the alleged crime occurred. Immediately after his arrest the first time, Schmidt was released on bonds of \$1000. His preliminary examination was set down for Wednesday afternoon in Judge Briggs' court.

Schmidt did not put in an appearance, however, and the court issued a bench warrant. Schmidt was lodged in jail in the meantime. Yesterday Schmidt's friends furnished new bail and the defendant was released.

Joe Salway, against whom a battery charge was lodged by Detective Farnam, was released on bail yesterday in the police court.

HOW TO GET FAT  
Use Samos, Say the Patterson Block Pharmacy and Put on Good Flesh.

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health.

Athletes, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to keep his health, strength and weight by using Samos. This food-forming food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food and extract the flesh-forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness.

Samos has been so successful in making thin people fat and restoring the weak and run down to strength and health, that the Patterson Block Pharmacy the popular druggists, sell it under their personal guarantee to refund the money if it does not benefit.

## "MORNING, NOON AND NIGHT," DESCRIBED AS MEDLEY OF SONGS AND LAUGHS; HERE TONIGHT

Hilda Carle in "Morning, Noon and Night," at the Barton tonight.

The attraction at the Barton tonight will be "Morning, Noon and Night," billed as a merry medley of songs and laughs in three acts. This is the companion show to the famous "Wine, Woman and Song," and during its part two seasons has made a record just as good. As the name signifies it is on the order of "Wine, Woman and Song," being a novelty show devoted entirely to novel ideas, lively singing and dancing and comedy that go to make up an entertainment of quality. Among the different interpolated novelties are "Hilda Carle's Military Maids," a big feature act consisting of sixteen girls. "The Rehearsal," a well showing the other side of the Theatrical life. "New Year at the Club," a beautiful little sentiment worked out in a short skit, and the Minstrel Comedy Hour, who introduce some innovations in the way of vocalizing. The cast is headed by Miss Hilda Carle, termed the "Statuesque Nightingale," a soprano of unusual ability, and includes Miss Ethel Hall, the young lady who played Peter Pan in the original "Wine, Woman and Song" company; Sid Reahams, who has a world wide reputation as a comedian of Hebrew comedy; Fred De Forrest, character artist of repute, and others equally well known and clever. Special attention is being called to the scenic effects, which are elaborate in every detail. The consuming is lavish and the management claims the best collection of beautiful show girls that have ever been seen with any one musical production.

For the mother in the home to be strong and well, able to devote her time and strength to the rearing of children, is one of life's greatest blessings. Often the bearing of children injures the mother's health, if she has not prepared her system in advance for the important event.

Women who use Mother's Friend are saved much of the discomfort and suffering so common with expectant mothers. It is a penetrating oil that thoroughly lubricates every muscle, nerve and tendon involved at such times, and thus promotes physical comfort. It aids nature by expanding the skin and tissues and perfectly prepares the system for the coming of baby. Mother's Friend assures a quick and natural recovery for every woman who uses it. It is for sale at drug stores. Write for free book for expectant mothers.

San Francisco	96	116	.452
Los Angeles	79	123	.391

YESTERDAY'S RESULTS.  
Oakland, 5; Vernon, 1.  
Portland, 3; Los Angeles, 2.  
San Francisco, 4; Sacramento, 3.

TODAY'S GAMES.  
Vernon at Oakland.  
Portland at Los Angeles.  
San Francisco at Sacramento.

OAKLAND, Oct. 27.—With Jack Lively pitching a two-hit game and his "mates" playing errorless ball behind him, the Villagers had little chance today. The Southerners put over one run in the first inning and then tried and failed for the rest of the season, while Oakland, hitting the ball for twelve safeties, gathered a total of five in the opening inning. Carlisle, the first man up for Vernon, connected with a lively curve for two bases and scored on two outs. Then Lively tightened the screws, and the only other man to put the ball into safe territory was Coy, when he poured a little Texas leaguer into short left field in the seventh inning. The score: VERNON. A. B. R. H. S. P. O. A. E.

Carlisle, 1b	4	1	0	2	0	0
Burrell, 3b	4	0	0	1	3	0
Hoop, 1c	4	0	0	2	0	0

SUMMARY.—Carlisle, W. Hogan, Sacrifice hits—Wares, Cameron. Bases on called balls—Off Lively, 2; off Carson, 2. Passed ball—Hogan. Time of game—1:45. Umpires—Hildebrand and Toman.

## WILLIE HOPPE ADVANCES ON CUTLER IN BIG BILLIARD GAME

NEW YORK, Oct. 27.—Willie Hoppe beat Albert G. Cutler in tonight's play of their 1800-point handicap billiard match, 300 to 102, running out in thirteen innings. On this the fourth national championship was transferred to Brooklyn, where play will be resumed tomorrow night. Cutler is now 274 points behind Hoppe.

The latter, playing 181 to Cutler's 182, was in splendid form, and especially in the eleventh inning, when he made a high run of 127.

ITHACA, N. Y., Oct. 27.—R. Palmer of Ithaca, Minn., acting captain of the Cornell Freshman football team, died at the Cornell infirmary tonight from supposed internal injuries received while playing football.

## HOW THE CUBS' MANAGER LOOKED AFTER REULBACH WAS KNOCKED OUT OF BOX; NOTE EXPRESSION ON HIS FACE

CHANCE  
PHOTO BY AMERICAN PRESS ASSN.

CHICAGO, Oct. 27.—The manner in which the Athletics showed up the Cubs in the world's series has created a general opinion that this is the last of Frank Chance's once great baseball machine. It is believed that young talent will supplant the old fellows who have made the aggregation what it is. Harry Steinfield and Sheppard appear almost all in. Chance is not himself, and the veteran pitchers appear seedy. Nor is the sensational Johnny Evers ever expected to be again as good as he was before his ankle was broken. Those intimate with Chance declare that he will never again act as playing manager; that he will next season direct his club from the bench. The present predicament of the Cubs is one more illustration of the fact that the development of young blood for any ball team is the greatest secret to success. Picture shows the nervous strid. Frank Chance was laboring under. It was taken during the third game of the series. The Athletics made twelve runs off Reulbach, McIntyre and Pfeister.

## BARNEY OLDFIELD WILL NOT ENTER RACE MEET

ATLANTA, Ga., Oct. 27.—When asked today about the possibility of Barney Oldfield being permitted to compete in the automobile races the last three days of next week at the Atlanta Speedway, J. M. Nye, secretary of the Atlanta Automobile Association, said:

"No driver will be allowed to compete here if he is not in good standing with the American Automobile Association."

Oldfield was disqualified by the American Automobile Association for entering an unauthorized race with Jack Johnson. Oldfield is one of the fifty-three entries for Atlanta's meet, which have been made up tonight, and it was reported today that he might choose this meet as an occasion for court action to secure restoration of his standing with the A. A. A.

## NEW ATHLETIC CLUB WILL BE OPENED TO PUBLIC EARLY NEXT WEEK

Professor Jimmy Quinn's new club for professional and business men of Fresno will be formally opened to the public early next week, probably Monday or Tuesday. Professor Quinn has secured a lease on Warmkron hall on I street, between Main and Tulare. Workmen are now installing electric lights, showers and gymnasium apparatus. Seven punching bags are being put up and a ring will be built. Private boxing lessons will be given and several wrestling lessons will be given off.

The members of the new club include fifty or more of the best known business men of the city. Professor Quinn stated yesterday that his athletic club will be conducted along high class lines. The organization is to go on the name of the "Knickerbocker" Athletic club. Professor Quinn will be boxing and wrestling instructor. The new club bids fair to spring into instant popularity.

## ABE ATTELL KNOCKS OUT "LEMON" MACKEY IN SIXTH ROUND

NEW YORK, Oct. 27.—"Big" Mackey of Cleveland proved an easy mark for Abe Attell, featherweight champion, in their bout here tonight. After Mackey had been floored three times, his seconds crawled into the ring and hauled him into his corner.

The bout was to have been ten rounds, but Attell had clearly demonstrated his superiority before the two rounds had progressed. He merely toyed with his opponent.

A clean hard hook to the body knocked Mackey down the first time in the sixth and as he rose a right hand swing to the jaw toppled him over again. He was slow in rising and as he reached his feet Abe's right caught him on the jaw again and the fight was over.

## LOCAL FOOTBALLERS GETTING THE BEST OUT OF HIS PLAYERS, IS STRONG POINT OF CONNIE MACK, THE MANAGER OF WORLD'S CHAMPIONS

MACK  
PHOTO BY AMERICAN PRESS ASSN.

First Big Battle of Season Away From Home; Much Opposition to Game.

Notwithstanding the great amount of opposition existing in football and other athletic circles at Fresno High school, the Purple and Gold eleven will journey to Stockton tomorrow to play with the Stockton High team, which is the first big game of the season away from home. To date, Connie Mack's players have engaged in but one contest and that was against the Fresno High team. The local boys walked away the long end of a 35 to 0 score.

As a result, Captain Monson is confident of winning the Northern. Yesterday the final practice before the big battle was held and the purple warriors went through the standard drill almost to perfection. Judging from the game with Visalia, the first team is the best ever turned out of the local school and if the faculty will permit, the football public of Fresno will witness a winning team in action. However, there is apparently much opposition to the American style of football and Monson's men may be forced to "turn in" their suits before the season is fairly under way.

## CHARLEY DOOLIN HAS RESIGNED AS MANAGER

Clash With President Fogel of Phillies Is Assigned as the Reason.

PHILADELPHIA, Oct. 27.—Charles S. Doolin has resigned as manager of the Philadelphia National League Club, but President Horace S. Fogel has not received the resignation. President Fogel has wired President Lynch of the National League requesting him to return to the Philadelphia Club not to tamper with the Philadelphia players, and so far as Mr. Fogel is concerned, the Cincinnati-Philadelphia deal, which has caused so much turmoil in the Philadelphia Club, is still in effect. President Fogel said tonight that if what he hears is true, he probably will receive Doolin's resignation tomorrow morning.

"I do not take Doolin seriously," he said. "I believe he will come down and view this matter in the proper light. I waited in my office until late today expecting a visit from him, but he did not put in an appearance."

Mr. Fogel looks upon the threat of President Hermann to take the matter before the National Commission as a joke. Doolin said that he will not go to the National League offices in this city to see Fogel. "Fogel has to come and see me," he said.

Both Doolin and Fogel were present at a banquet given by the owners of the American League club to the world's champions tonight and occupied seats where their elbows almost touched, but neither appeared anxious to discuss baseball.

CINCINNATI, Oct. 27.—President August Hermann of the Cincinnati baseball club, when informed that President Horace S. Fogel of the Philadelphia team had asked President Lynch of the National League to warn Mr. Hermann not to tamper with the Philadelphia players, said:

"If Fogel is trying to scare anyone he is likely to be surprised shortly, inasmuch as I have ordered my stenographers to ascertain the addresses of Grant, McQuillen, Noren and Bates and as soon as I have them I will open up negotiations with them with a view to signing them for the season of 1915. They belong to the Cincinnati club and I have no doubt they will play with us next season."

"I see that some mention of the National Commission has been made. The National Commission has nothing to do with this question. I cannot discuss it. It could have. But I do not anticipate any fight when the facts are known, and unless some one tries to claim my players, I cannot say what I would do."

## MODESTO REDS ARE BILLED FOR TWO BATTLES

Both Sunday Afternoon at Recreation Park; Game at Zapp's Also.

Three games of baseball are scheduled for Sunday afternoon in Fresno. At Zapp's park the Kutners and McAtees will clash in the final game of the season in the Fresno City League. At Recreation park the Modesto Reds and Fresno Tigers will battle in a double-header.

Frank L. Dickinson, manager of the Tigers, announced yesterday the following batting order for Sunday:

First, 2b, Dickinson, 1b, Brown, 3b, Reuter, 2b, Kuhn, cf, Dickinson, cf, Schmitt and Jones, p.

The foregoing will give the Tigers a strong lineup against the formidable Modesto team who last Monday and Tuesday in the box. A few weeks ago, the Tigers won a double-header from the Northerners on their home grounds, but the Fresno boys were lucky to finish in front. Dickinson says to himself and for that matter, to his opponent, that the first battle Sunday. The first game will be called at 2 o'clock.

At Zapp's park the Kutners and Mc-

## ANGELS MAKE STAB AT BEAVERS BUT MISS MARK

Dillonites Get Away to Good Start, But Fall Down on the Way Home.

LOS ANGELES, Oct. 27.—After thirty-one fruitless innings, Los Angeles broke its losing streak today, scoring two in the first inning of the game with Portland. After that it was a return to the previous condition and not another man was brought home. Portland tied the score in the fifth inning and brought the winning run in during the ninth. Of the best ten games played with Portland, Los Angeles was shut out seven times. The score:

LOS ANGELES.	A. B. R. H. S. P. O. A. E.

SUMMARY.—Three base hit—Kennedy. Two base hits—Howard, Fisher, Daley and Doherty. Sacrifice hits—Rappe, Orendorff. Bases on balls—off Grege, 3; off Togor, 1. Struck out by Grege, 4; by Togor, 4. Wild pitch—Togor, 1. Time, 1:30. Umpires—McGregory and Irwin.

## BOWLING NOTES

The old-timers are showing up at the bowling alleys these days, getting into shape for a series of games between local teams that will probably be arranged very soon. The new men are showing up, too. There were heard last year and in seasons past who are now missing up the pins are Ben Hill, Ballard, Jack and Moore.

High scores are not being hung up very regularly as yet. Ben Hill leads the field for the season with 215. Jack has two games of 208 and 205 in the credit. Other scores on the sheet are Ballard, 194, and Moore, 197, 196.

Details are not very definite as yet on the series to be arranged, but it is understood that four or five teams are in sight and a trophy of some sort is shortly to be announced by the management.

The plan is to assemble the Goodmans, the Republicans and the Brunswicks of last year's lineup if possible.

## AMATEUR BASEBALL

In the Fresno Grammar School League, the Emersons defeated the Lincolns, 13 to 8, yesterday afternoon. The Emersons now lead in the race for the championship of the city. The game yesterday went five innings, the Emersons showing across the winning runs in the fourth and fifth rounds.

Cobb's Blackstone Tigers defeated the North Park Cubs at indoor baseball by a one-sided score of 21 to 7. The Cubs showed very little speed and were not dangerous at any stage of the game. The feature of the game was Dodge's pitching. He fanned ten.

The lineup follows:  
Cubs—W. Chapman, c; Eggel, p; W. Daniels, 1b; Muddock, 2b; Clanton, 3b; H. Chapman, ss; B. Daniel, ss; Deloy, lf; Daniels, cf; Urell, rf; Cobb, 1b; Sisson, 2b; Chetwood, 3b; Bentley, ss; Rodman, ss; Maxwell, lf; Tanshill, cf; Hoffman, rf.

The Tigers' challenge any indoor team in the city between the ages of 10 and 15. Address: E. Huntley, 1848 Belmont avenue, Fresno, Cal.

Philadelphia club would take the matter to the courts.

Manager Charles S. Doolin tendered his resignation today as manager of the Philadelphia National League team to President Fogel of the club. Doolin, under his contract, remains a catcher on the team.

## LARGE ATTENDANCE HORACE FOGEL STILL CRABBING TO LYNCH

Basketball Season Will Be Formally Opened Next Tuesday Evening.

John H. Fee, physical director at the local Y. M. C. A., is highly elated over the showing made to date by the various classes. The total attendance in all classes is 250, which equals the total enrollment for all of last year. Inasmuch as the year has just opened, the showing is a splendid one and proves that the association is growing rapidly.

Tuesday next the minor league basketball season will open with a game between the First M. E. Baracces and the Baptist Baracces. There are five teams in the new league, which comprises players from five Baracca organizations in the city. These are the First Presbyterian, St. Paul's M. E., Calvary Presbyterian, Baptist and First M. E. churches. The various teams have been practicing for nearly a week.

Within a week or ten days the committees will announce opening dates for the First Aid to the Injured, Boxing and Wrestling classes. The track basketball team from Fresno High school has started preliminary training for the coming season in the minor league. Last year, the Purple and Golds won the championship of the city from the Baracces. A new gymnasium floor has been installed at the Y. M. C. A. and the basketball players are loud in their praise, predicting much fast work and a successful season, generally speaking. Considerable new apparatus has also been installed.

RUGBY PLAYER IS INJURED.  
PALO ALTO, Oct. 27.—Caught in a scrimmage during a practice game today, Earl L. Schnapp of Santa Rosa, football teammate of Captain K. L. Dale of the Stanford University squad and one of the most promising of the student players, suffered a fracture of the left ankle.

Alton will lock horns in a game that may decide the title in the amateur league. Although the McAtees are in first place, a victory for the Kutners would bring about a tie between these teams. The McAtees and Kutners if Ben Hill's men win, all will be over but the shouting.

The game will be called at 2 o'clock.

## BARTON OPERA HOUSE

ONE NIGHT MONDAY OCT. 31
